PostBase® Pro
The next generation of PostBase®

The PostBase® Pro with dynamic scale capability is a robust and intuitive mailing system that offers uncompromising service for the professional mailroom. It offers high-tech capabilities, with an easy-to-use touchscreen and award-winning design. The PostBase® Pro when equiped with the dynamic scale can process mixed weight mail by simply placing your mail in the self-adjusting feeder and letting the machine do the rest. As one of the first USPS® IMI-compliant meters in the market, and the only machine in its class to offer SealCheck technology, the PostBase® Pro is one of the most secure mail machines available.

Pro Performance

The key to reliability and performance is the Stack & Go feeder with the large format feed deck and adjustable anti-skew rollers that automatically straightens mail to prevent stoppages.

SealCheck Sensor

Exclusive to FP's PostBase® line, SealCheck envelope sealers ensure security by validating that each envelope flap passes through the sealer.

Dynamic Scale

Accurately measure mixed mail using in-line dynamic weighing that measures the size and weight of each envelope as it passes through the scale.

Add-on Products
Get the most out of your PostBase® Pro

High-Capacity Envelope Catch Tray

Improve productivity by adding a high-capacity catch tray that can hold up to 350 finished envelopes, reducing the amount of manual unloading. With a durable design and compact footprint it will fit onto any mailroom table by hanging off the right side with a sturdy support.

Custom Mailroom Furniture

FP Mailroom Furniture is designed to provide superior protection for FP machines. Our engineers worked to create a line of furniture that increases the lifespan of your FP Mailing machines by preventing sagging and vibrations that can damage heavy mailroom equipment.

FPi Folder Inserter to PostBase® Pro Interface

Further streamline your mailing process with folder inserter solutions for the modern age. By combining just two machines, you can transform printed paper into folded, stuffed, sealed, weighed, metered, and stacked mail in one streamlined process. The FPi Folder Inserters also have a secondary benefit of added security for sensitive documents such as: checks, invoices, legal notices and medical documents.
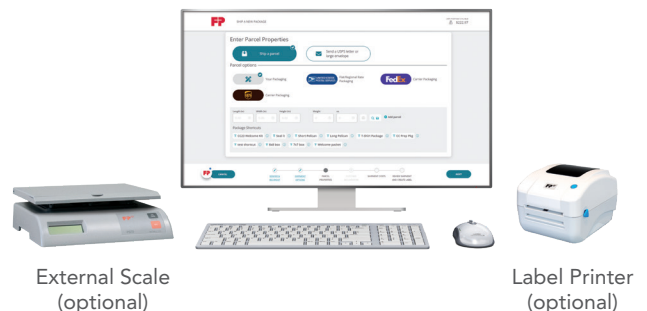

FP Parcel Shipping
Ship. Track. Save.

Paired with the PostBase® Pro, FP Parcel Shipping is the perfect companion to send packages. FP Parcel Shipping comes equipped with USPS® shipping rates with the option to add multi-carrier shipping, giving you the ability to select the best rate for the day you want your package to arrive.

Saving time and money while sending packages has never been simpler. This online shipping application allows you to easily compare rates and print shipping labels with the tracking barcodes for the carrier and service selected.

FP Parcel Shipping also offers:

*   Discounted Commercial Pricing
